DESCRIPTION

Colour Cabinet Tall by **Muller Van Severen** for **HAY**.

Taking functionality as a starting point, Belgian design duo, Muller van Severen, explores how materials and colours' disparities and likenesses can enhance a material's innate beauty in the Colour Cabinet Tall.

The floor-standing cabinet blends minimalist design with vibrant colour and is available in two different finishes: yellow and multi-coloured. It features two semi-transparent, glass-reeded doors at its front, softly obscuring its contents within.

The cabinet offers ample storage room and can be used as a way to introduce playful organisation in almost any interior setting.
