

Copenhagen CPH 30 Table

Designer: **Ronan and Erwan Bouroullec**

Manufacturer: **HAY**

£1,499

DESCRIPTION

Copenhagen CPH 30 Table by Ronan + Erwan Bouroullec for HAY.

Copenhagen is a collection of furniture designed by Ronan and Erwan Bouroullec for the redesigned University of Copenhagen (KUA). The collection includes a wooden chair, a bar stool and several tables.

The starting point for this series was an old university chair - architect Bernt Pedersen's trestle chair. This chair is a simple and beautiful chair with an uncomplicated identity. The Bouroullec interpretation has upheld the original chair typology (trestle chair) and sought to maintain the compelling simplicity of the original chair.

The aim was to create a range of educational furniture which in form and identity has a clear dating and which in a compelling manner uncovers the current functional needs of a university. It has also been the aspiration to distance the collection from the slightly institutional expression of the original chair and create furniture with greater originality and a more domestic expression.

DIMENSIONS

200w x 90d x 74cmh

200w x 80d x 105cmh

250w x 90d x 74cmh
