Pier Shelving System, Combination 1042 - 2 Columns

Designer:**Ronan and Erwan Bouroullec**

Manufacturer:**HAY**

£1,040

DESCRIPTION

Pier Shelving System, Combination 10442 - 2 Columns by **Ronan + Erwan Bouroullec** for **HAY**.

The Pier Shelving System was designed by French designers Ronan and Erwan Bouroullec to adapt to modern lifestyle needs. It features an easy-to-assemble flat-pack design that is well-suited for a wide range of spaces, including living rooms, bedrooms, entrance halls and workspaces.

The minimalist shelving is available in several colours and pre-configured combinations, which include practical elements such as flat shelves, wire shelves, work desks, cabinets and clothing hooks. The combinations can be used alone or combined to create custom systems for your environment.

The components can easily be reconfigured, offering a flexible shelving solution for organising and storing items.

DIMENSIONS

162w x 31.5 x 209cmh

MATERIALS

Made from lightweight aluminium and steel.

Available with profile in either black anodised aluminium or clear anodised aluminium.

The flat shelves are available in either white, black or blue.

The wire shelves are available in either anthracite or chrome.
