Sam Weller's Anagram Table Lamp combines functionality with visual aesthetics. The contemporary light features a glossy arched shade atop two split anodised aluminium legs, a display of robust construction and a strong personality.

The contrasting elements of the light play on the typical lamp typology, offering a simultaneously familiar and modern design. The lamp features an on/off toggle switch and is fitted with retrofit bulbs which emit an ambient downlight.

Anagram can be used as a desktop-based lamp or as an additional light source positioned on side shelving or a sideboard.
