

Triangle Leg Bench

Designer: **Simon Jones Studio**

Manufacturer: **HAY**

£1,449

DESCRIPTION

Triangle Leg Bench by **Simon Jones Studio** for **HAY**.

The Triangle leg bench series was created by Simon Jones, the design motivated by the desire to create more space around a circular table. The rectangular ends of the bench have been rounded to keep the organic form and maximise seating space, a sense of lightness in the design is created with the triangular leg feature.

Pair with the coordinating **Triangle Leg Table**, available in three sizes, see product range below.

DIMENSIONS

Small 150w x 40d x 46cmh

Medium 200w x 40d x 46cmh

MATERIALS

Crafted in FSC certified solid oak.

Products made from FSC certified wood are sourced from sustainable forests with responsible management that reduces deforestation and ensures the forests' future preservation.

The bench comes in two sizes and is available with a soaped, oiled or water-based lacquer finish. The low VOC (volatile organic compounds) content in the water-based variant emits significantly fewer pollutants, which makes it much more environmentally friendly, contributing to a healthier working environment and better indoor climate. Furthermore, water-based lacquer is often more durable than PU lacquer, so your wooden furniture can have a longer lifetime too.

The finish swatches are available to view in the downloads section.

Please note that this bench requires assembly.

Quickship delivery is available in small and large variants with an oiled oak finish.
