DIMENSIONS

Medium 200w x 85d x 74cmh

Large 250w x 85d x 74cmh

MATERIALS

Crafted in FSC certified solid oak.

Products made from FSC certified wood are sourced from sustainable forests with responsible management that reduces deforestation and ensures the forests' future preservation.

The Triangle table comes in three sizes and is available with an oiled or water-based lacquer finish.

The low VOC (volatile organic compounds) content in the water-based variant emits significantly fewer pollutants, which makes it much more environmentally friendly, contributing to a healthier working environment and better indoor climate. Furthermore, water-based lacquer is often more durable than PU lacquer, so your wooden furniture can have a longer lifetime too.

The finish swatches are available to view in the downloads section.

Please note that this table requires assembly.
