

New Order Combination 203

Designer: **Stefan Diez**

Manufacturer: **HAY**

£1,880

DESCRIPTION

New Order Combination 203 storage by **Stefan Diez** for **HAY**.

New Order's open-ended, modular system comprises interconnecting aluminium elements to create customised storage solutions for specific workspace and living areas. The combination features an open shelf, closed cupboards and upper tray. This configuration fulfils a broad range of organisational and storage requirements. The closed doors efficiently conceal the contents while the open-top trays securely accommodate a variety of small or large objects.

Available in army, charcoal and light grey powder-coated aluminium.

Please see the different components **here** and **contact us** if you need help designing your ideal shelving system.
