

New Order Combination 401

Designer: **Stefan Diez**

Manufacturer: **HAY**

£1,315

DESCRIPTION

New Order Combination 401 storage by Stefan Diez for HAY.

New Order's open-ended, modular system comprises interconnecting aluminium elements to create customised storage solutions for specific workspace and living areas. The combination features both closed and open storage solution. The four shelves set up features wooden doors and panels breaking up the uniformity of the grid system, natural material contrasting the industrial aluminium adding warmth.

Available in army, charcoal and light grey powder-coated aluminium.

Please see the different components **here** and **contact us** if you need help designing your ideal shelving system.
