

New Order Combination 501

Designer:**Stefan Diez**

Manufacturer:**HAY**

£1,340

DESCRIPTION

New Order Combination 501 Storage by **Stefan Diez** for **HAY**.

The New Order is an open-ended, modular system that comprises interconnecting aluminium elements to create customised storage solutions for specific workspace and living areas. This combination features six-shelf construction which is can be used as a bookshelf or display shelf. The multiple-shelf open design enables the user to display and organise a wide range of objects while providing easy access from all sides.

Available in army, charcoal, light grey or red powder-coated aluminium.

Please see the different components **here** and **contact us** if you need help designing your ideal shelving system.
