

New Order Combination 701

Designer:**Stefan Diez**

Manufacturer:**HAY**

£1,700

DESCRIPTION

New Order Combination 701 storage by Stefan Diez for HAY.

New Order's open-ended, modular system comprises interconnecting aluminium elements to create customised storage solutions for specific workspace and living areas. The combination features an eight-shelf construction offering a flexible and aesthetic bookshelf for home or office use. Display and organise a wide range of objects with this combination.

The aluminium grid is available in army, charcoal and light grey powder-coated aluminium.

Please see the different components **here** and **contact us** if you need help designing your ideal shelving system.
