

New Order Combination 702

Designer: **Stefan Diez**

Manufacturer: **HAY**

£3,420

DESCRIPTION

New Order Combination 702 Storage by **Stefan Diez** for **HAY**.

New Order's open-ended, modular system comprises interconnecting aluminium elements to create customised storage solutions for specific workspace and living areas. The combination offers a flexible solution featuring open shelves and closed storage space. A functional and elegant storage solution with integrated sliding doors made of powder-coated steel which matches the colour of the grid to create a seamless, uniform appearance or customised with contrasting colours.

Available in army, charcoal and light grey powder-coated aluminium.

Please see the different components **here** and **contact us** if you need help designing your ideal shelving system.
