

Tube Candleholder

Manufacturer: **HAY**

£16

DESCRIPTION

Tube Candleholder by **HAY**.

The Tube Candleholder fuses a modern, minimalistic shape with a muted palette and traditional materials.

Designed to be used with **HAY candles**, the Tube candleholder is composed of two main elements. A circular base, that balances the design and catches any fallen wax, and a simple tube, in which the candle is held.

Tube is available in two heights and two colours and works well as an individual design element or combined in a cluster.

Pair with the HAY Pattern Candles for a contemporary vibe, or opt for a more refined atmosphere by pairing with the HAY Gradient Candles.

DIMENSIONS

Small: 5.5dia x 5cmh

Medium: 5.5dia x 10cmh

MATERIALS

The Tube Candleholder has been crafted from earthenware and finished with a semi-transparent glaze.
