

Metal Essential Oil

Manufacturer: **Homework**

£25

DESCRIPTION

Metal Essential Oil by Homework.

The Metal Essential Oil blend draws inspiration from metal's strength and unique properties, such as its ability to hold its form and exert magnetic and gravitational control.

Its aroma embodies the essence and value of life, instilling confidence in decisions and promoting a broader perspective.

Simply add 3-5 drops to an oil burner or electric diffuser to scent the room.

Please note: this fragrance, which utilises only natural essential oils, differs from its candle counterpart.
