DESCRIPTION

Naviglio Balloon Gin Glass by **Keiji Takeuchi** for **Ichendorf Milano**.

Designed by Keiji Takeuchi, the Naviglio collection of glassware is dedicated to enhancing the drinking experience of Japanese distillates.

The Balloon Gin Glass has been designed specifically for the enjoyment of aromatic gins, the balloon shape allowing the aromatics to breathe. The glass features a gently flared opening characteristic of the collection, while the short stem makes the glass adaptable for both casual and formal settings.
