

Backless Portsmouth Bench

Designer: **Barber Osgerby**

Manufacturer: **Isokon Plus**

~~Was £936~~ Now £795

DESCRIPTION

Backless Portsmouth Bench by **Barber Osgerby** for **Isokon Plus**.

Commissioned to design a bench for the choir stalls in Portsmouth Cathedral in 2022, Barber and Osgerby set out to create a seat that was both contemporary and complementary to the Romanesque architecture of the Cathedral.

Their resulting design is a lightweight bench that can seat up to three choir members and is sympathetic to its surroundings.

Now established as a contemporary classic, the Portsmouth bench is known for its combination of good design and manufacturing craftsmanship.
