Model 78 Side Chair

Designer: **Niels Otto Møller**

Manufacturer: **J L Møllers Møbelfabrik**

~~Was £861~~ Now £731

DESCRIPTION

Model 78 Side Chair by **Niels Otto Møller** for **J.L. Møllers Møbelfabrik**.

Designed by Niels Otto Møller in 1962, the Møller 78 Side Chair is a perfect blend of comfort and character. Handmade in Denmark, the chair has remained in continuous production, standing as a testament to its enduring value and timeless appeal.

J.L. Møller utilises traditional craft techniques with little modern technology; all tenons, mortices and dowels are glued by hand. Each chair is also polished by hand, providing a better result than a polishing machine.

The Møller 78 is available upholstered in a selection of fabrics or leathers or meticulously handwoven with a tightly twisted paper from a single 129-metre cord.
