

Jut High Cabinet

Designer: **Thomas Jenkins**

Manufacturer: **Fritz Hansen**

£1,915.83

DESCRIPTION

Jut High Cabinet by **Thomas Jenkins** for **Fritz Hansen**.

Designed in 2020, the modern Jut high cabinet is the taller version of the original cabinet, similarly, this version is made of oak and sits on slender round legs, aligned to the outer corners. The shelves of the cabinet are adjustable with fittings on the interior, with opening doors featuring stylish brass handles.

DIMENSIONS

86.5w x 39.5d x 114 cmh

MATERIALS

Made of oiled oak FSC mix. The selection of the wood is a very careful process. The processing is done by hand, so that only the best and most durable pieces of wood are used in production. Oak contains tannins which reduces bacterial growth in the wood.

The elegant brass handles of the doors are positioned under the tabletop, which is available in either oak or marble.

Care: Blot spills on oak or marble immediately to minimise the risk of spots or etching.

Maintenance: Protect the marble surface by sealing once or twice a year. Use a suitable marble sealer or mix soap flakes with water and apply the foam to the tabletop for 5 minutes. Dry off with a soft, damp cloth.
