

CLK 151 Porcelain Teapot

Manufacturer: **Kinto**

£68

DESCRIPTION

CLK 151 Porcelain Teapot by Kinto.

The CLK 151 is a collection of Hasami ware made of sandstone soil belonging to the area, it is made of a mix of Amakusa pottery stone mined in the Amakusa peninsula combining crushed sand and rocks. It has an organic feel with a matt texture.

The CLK-151 has a warm and natural hue which brings a tasteful presence to the home. The porcelain teapot is expressed with these traits and by gentle curved forms and contrast of the geometric handle that is as pleasing to hold as it is to use.

Combine with the Porcelain Cup for a warm and tactile experience.
