

CLK 211 Cannister

Manufacturer: **Kinto**

£31

DESCRIPTION

CLK 211 Cannister by **Kinto**.

Created in collaboration with skilled artisans from traditional pottery villages in Japan, this kitchen accessory is a fresh interpretation of Japanese aesthetics tailored for modern living. The product reflects passed-down knowledge and techniques, from the precise proportions of clay and glaze to the delicate transformations during firing influenced by temperature and humidity. With its warm clay textures and humble designs, it offers comfort and tranquillity to the user.

Perfect for storing dried goods such as tea leaves, coffee and spices, the CK211 Cannister features a contoured design for comfortable handling and a wide mouth for convenient scooping and measuring. Its artisanal charm combines the rough clay texture, subtle colour glaze, and a charming cork lid, adding a touch of warmth to any kitchen or table setting.
