Manufacturer: **Knoll**

£1,368

DESCRIPTION

KN04 Armchair by Piero Lissoni for Knoll.

The KN04 Armchair is part of the KN collection, a family of chairs designed to combine refined elegance with supreme comfort. Featuring a soft, curved shell, the KN04 is the smaller version of the KN05 settee and has a recognisable design. As the newer version in the collection, it offers the utmost comfort and relaxation.

The armchair is an excellent choice to complete and add a statement to corners within the home. Being a versatile piece, it can be used in contracts projects to fill waiting rooms, office settings and hotel lobbies. It is coordinated with the rest of the KN products and can be added together to create a complete collection.

Lissoni said of the new collection:

"This is a seating collection, a family of chairs with a modernist spirit, for which I have applied my usual proportions. In this project, I have set out to reflect the entire history of Knoll."

Please note: When upholstered in Eva fabric collection, there will be a lead time of 12-14 weeks.
