DESCRIPTION

Tulip Oval Dining Table by Eero Saarinen for Knoll.

One of the most recognisable and iconic designs of the mid-twentieth Century, the Tulip Oval Dining Table was designed by Eero Saarinen for Knoll in 1957. The generously proportioned table can seat up to 10-12 people, making it a statement centrepiece for your dining room.

Saarinen was motivated by eliminating what he called "the slum of the legs". His ideas materialised in the simple form of a central aluminium base that unifies the collection. The table features a sculptural pedestal base and an elegant bevel-edged oval table top, available in a range of marble, laminate and veneer finishes.

Quickship available for white based tables with table tops in white laminate and arabescato marble.
