DESCRIPTION

Tulip Swivel Armchair by **Eero Saarinen** for **Knoll**.

The Finnish-American architect and designer Eero Saarinen crafted the Tulip Chair in 1956 for his Pedestal Collection - a series aimed to simplify design.

Characterised by a sleek, singular pedestal, the Tulip Chair showcases a contoured seat of moulded fibreglass, clean lines and an organic silhouette reminiscent of a tulip flower, hence its name.

Over time, the Tulip Chair has evolved into an icon of contemporary design.
