

Florence Knoll Credenza 95

Designer:**Florence Knoll**

Manufacturer:**Knoll**

£4,896

DESCRIPTION

Florence Knoll Credenza by **Florence Knoll** for **Knoll**.

When Florence Knoll transformed the traditional private office configuration by replacing the executive desk with a table, she needed to provide an alternative to the lost storage space. Her solution was the Credenza. The low cabinet's iconic design, created in 1961, works equally well in a dining room as it does in an office.

A storage system in two sizes and four options for door/drawer configurations. (95cm and 190cm wide versions available).

Shelves: the door modules have 2 adjustable shelves.

Central Locking: Optional central locking secures drawers and doors instantly with one single key lock on the top front side area of the credenza.

Refrigerator: Cabinets with doors accept a 23-litre refrigerator unit. The door of the refrigerator and the cabinet open at the same time. To permit proper cooling of the evaporator, the back of the cabinet should be kept at a minimum of 20 cm from any wall or panel.

Note: The KnollStudio logo and the signature of Florence Knoll are stamped into each piece.

Pricing example is for a **cabinet with 2 doors** (ref 2545), as on the main image. Please enquire for other models in the range.

DIMENSIONS

95w x 46.5d x 65cmh

MATERIALS

Base: Welded square steel tube in polished chrome finish. Adjustable glides. Body: Wood veneer in natural and stained oak.

Top: white lacquer, marble or wood: 20mm thick marble coated with transparent polyester to help eliminate use-associated stains. Squared edge detail. 19mm wood top matching body available.

Front: Drawer and door fronts in same wood veneers as the body. All have polished aluminium pulls, top flush mounted storage doors with magnetic closures. Location A storage hinges open from left. Pull-out drawers with smooth-glide extension slides.
