

Risom Side Chair

Designer: **Jens Risom**

Manufacturer: **Knoll**

~~Was £1,224~~ Now £1,040

DESCRIPTION

Risom Side Chair by **Jens Risom** for **Knoll**.

One of Knoll's earliest manufactured pieces, Jens Risom's 1940's side chair was originally made from simple maple frames and parachute webbing. Due to limited resources during the war, the discarded materials were reimagined to create the classic design.

Today the design uses natural cotton webbing and select maple with a clear lacquer finish, built with mortise and tenon joints.

DIMENSIONS

44w x 54d x 45/77.5cmh

MATERIALS

Webbing available in red, flax or black.
