DESCRIPTION

Matic Modular Sofa | Combination 2 by **Piero Lissoni** for **Knoll**.

The Matic Modular Sofas, designed in 2020, offer endless functional and aesthetic possibilities. Characterised by their low, linear profiles, the units boast expressive backs and armrests that can be adjusted to suit the user's comfort.

The design pays tribute to Knolls original Florence Knoll sofa. Sharing the same boxy profile, Piero Lissoni has created an array of slender units in various lengths and sizes which can be combined to suit your space.

This combination of modules is ideal for large living spaces. Its inviting L-shape and generous size make it the ideal space for socialising with friends and family.

The pricing example is for a configuration as seen on the main image which consists of the **end module 202 untufted right hand**, the **chaise longue corner module 150 t-seam** and the **end module 202 untufted left hand** with upholstered frame and polished aluminium finish.

Please **enquire** for other configurations.
