DESCRIPTION

Matic Modular Sofa, Combination 4 by **Piero Lissoni** for **Knoll**.

The Matic Modular Sofas offer endless functional and aesthetic possibilities. Characterised by their low, linear profiles, the units boast expressive backs and armrests that can be adjusted to suit the user's comfort.

The design pays tribute to Knolls original Florence Knoll sofa. Sharing the same boxy profile, Piero Lissoni has created an array of slender units in various lengths and sizes which can be combined to suit your space.

The pricing example is for a configuration as seen on the main image which consists of the **right-hand T-seam end module with curved back** and the **right-hand untufted 147 end module** with a non-upholstered frame and polished finish.

Please **enquire** for other configurations.
