DESCRIPTION

Miau Rectangular Table by **GamFratesi** for **Koyori**.

The Miau Table features a sleek and harmonious design, combining a tabletop and four legs that seamlessly blend together. Achieving this seamless connection necessitates precise cutting and advanced joining technology for each component. The legs, meticulously tapered from the top to the bottom, are meticulously carved from solid wood, showcasing stunning grain patterns. The manufacturer dedicated themselves to numerous prototypes and rigorous testing in order to determine the optimal thickness that guarantees both the table's durability and its elegant form.

Available in oak or walnut, the inviting dining table is also available in oval shape. Please see related products for more details.
