DESCRIPTION

Makuri Lounge Chair | Upholstered by **Michael Anastassiades** for **Koyori**.

Makuri, designed in 2024, is Michael Anastassiades's debut collection with Koyori. Considering Koyori's existing collection, Anastassiades aimed to create a chair that would seamlessly integrate while also commanding its space within the home.

The distinctive curves in both Makuri's seat and back create a welcoming gesture and offer clarity in construction. The design naturally evolved to use plywood, demanding careful and precise craftsmanship to ensure its strength and prevent warping.
