

Bar stool

Designer: **Lucian Ercolani**

Manufacturer: **Ercol**

£280

DESCRIPTION

Bar stool by Lucian Ercolani for Ercol.

Made from solid wood, and with Ercol's unmistakable character, the bar stool is the perfect addition to a breakfast bar in the home or a counter in a bar or restaurant.

The stool features a Windsor wedge joint, where the leg of the stool goes right through the seat. A wedge is inserted into a cut in the leg, and the whole thing is sanded flush. This makes the stool remarkably strong.

DIMENSIONS

39w x 37d x 75cmh
