

## Utility Bar Stool, 1956

Designer: **Lucian Ercolani**

Manufacturer: **Ercol**

£275

## DESCRIPTION

**Utility Bar stool** by **Lucian Ercolani** for **Ercol**.

Made from solid wood, and with Ercol's unmistakable character, the bar stool is the perfect addition to a breakfast bar in the home or a counter in a bar or restaurant.

The stool features a Windsor wedge joint, where the leg of the stool goes right through the seat. A wedge is inserted into a cut in the leg, and the whole thing is sanded flush. This makes the stool remarkably strong.

## DIMENSIONS

39w x 37d x 75cmh

## MATERIALS

Ash timber. Please refer to the PDF download to discover all finishes.

**Available for contracts purchase only.**
