

## Lampadaire 3 Bras Pivotants, 1952

Designer: **Serge Mouille**

Manufacturer: **Serge Mouille Editions**

£6,800

### DESCRIPTION

**3 Rotating Arm Standing Lamp by Serge Mouille for Serge Mouille Editions.**

Serge Mouille's large-scale floor lamp is characterised by its shell-like shades and angular, attenuated arms and base. Like many of Mouille's lamps of this era, the sculptural standing lamp has a kinetic quality, conjuring a sense of movement, while its slender tripod base and tapered feet create an insect-like form.

The lamp has a trio of tiltable heads which can be articulated up, down and around in a 270° rotation. The three arms can be pivoted independently in different directions, allowing for plentiful light wherever directed.

The standing lamp features Mouille's signature use of refined lines, six-sided hardware and the brass swivel connector, joining the arm to the diffuser.

The single head version of the standing lamp can be viewed [here](#).

Bulbs (included): E27 base; 42W max - 230V, 50Hz

Delivered with a certificate of authenticity, each lamp is stamped and numbered.
