

Shakki Blanket

Manufacturer: **Lapuan Kankurit**

£255

DESCRIPTION

Shakki Blanket by **Ida Korsström** for **Lapuan Kankurit**.

Designed by Ida Korsström, the Shakki blanket blends bio-organic cotton with fine South American merino wool woven and finished at Lapuan Kankurit's mill in Lapua, Finland.

For the design, Korsström drew inspiration from the colours and architecture of Florence, where she completed an artist residency in February 2020. These impressions were transformed into a gradient checkerboard pattern, creating an illusion of light and shadow.

DIMENSIONS

130 x 180cm

MATERIALS

Made of 68% Merino wool, 32% cotton.

Lapuan Kankurit oversees every step of production. Most processes, including weaving, finishing, and inspection, take place in their Lapua mill, with sewing done in Finland or their Lithuanian subsidiary.
