

Less Less low table

Designer: **Jean Nouvel**

Manufacturer: **Molteni&C**

~~Was £2,441~~ Now £2,074

DESCRIPTION

Lessless low table by **Jean Nouvel** for **Molteni+C**.

Less is a complete range of tables, low and high, rectangular and square.

The Less table becomes even less, not only thanks to its minimal clean-cut lines but also in terms of weight since the sheet metal used previously has been wholly replaced by lightweight aluminium.

The external outline of the horizontal tabletop is very thin and stiffness is obtained by bending the aluminium sheet along inclined planes.

Lessless now comes in a dazzling new livery of bold new colours. To view the colours, download the PDF in the Download section.
