

Literatura Classic shelves, 1985

Designer: **Vicent Martinez**

Manufacturer: **Punt**

£2,474

DESCRIPTION

Literatura Classic shelves by **Vicent Martinez** for **Punt**.

Literatura is a system of cabinets and shelves with movable elements that double the capacity of the shelving system, cabinets with wooden doors or clear or translucent glass doors with aluminium frame.

The uprights incorporate a ladder-type hole system, which gives you free choice of height for the shelves. The number of shelves included is shown on the drawing in the pdf in the product downloads section. Extra shelves can be ordered separately, however.

Please note; the pricing example is for a configuration consisting of **one shelving unit with rail** and **one shelving unit with wheels**.

DIMENSIONS

Shelving with rail: 90w x 35/56.5d x 223cmh

Shelving on wheels: 45w x 21d x 206.9cmh

MATERIALS

Made of E-1 particleboard (low formaldehyde content) clad in maple, walnut or oak veneer. Aluminium colour, high-resistance polyamide wheels with low coefficient to friction and wear, and to chemical and atmospheric agent attack. it is possible to include a lock in the wooden door.
