

Era chair, 2017

Designer: **David Lopez Quincoces**

Manufacturer: **Living Divani**

£1,745

DESCRIPTION

Era chair by David Lopez Quincoces for Living Divani.

Elegant dining chair with a curved backrest and slender legs.

The Era chair retains the family's distinctive silhouette but utilises differing materials: the padded backrest in calendered steel sheet, the frame in gunmetal painted steel and the seat, display several variations of the same idea, always in the sign of lightness.

DIMENSIONS

55w x 46d x 43/66cmh

MATERIALS

The Era chair has legs made from steel rod, 16mm diameter. The seat panel is made from multi-layer poplar wood, sprung with coated rubber elastic straps and padded with polyurethane foam covered with acrylic fibre layers. The

backrest of the Era chair is made from a sheet-steel band, padded with polyurethane foam and secured to the frame with brass screws. All steel parts are powder-coated in a gunmetal grey colour, except the brass screws which has a matt lacquer finish.

Seat and backrest with fabric or leather upholstery, please see pdf in 'Product downloads' for grades and colours available. Material samples are available to view at our shop or showroom.

Please note that the Era chair has an upholstery choice limited to those categories in the drop-down menu.

Black PVC feet.
