

Rod Bean sofa, 2017

Designer: **Piero Lissoni**

Manufacturer: **Living Divani**

£12,315

DESCRIPTION

Rod Bean sofa by Piero Lissoni for Living Divani.

Rod Bean is a modular sofa system, consisting of central and end elements, that can be combined to create fluid, dynamic shapes. The Rod Bean sofa combines a streamlined and minimal frame with considerable seating comfort.

Please note - **pricing example is for two end elements** as seen on the main image. Please view spec sheet in 'Product downloads' to see all models in the Rod Bean modular sofa range, or enquire for details.

DIMENSIONS

368w x 86d x 70cmh

MATERIALS

The Rod Bean sofa has a structure made from lacquered, drawn tubular steel and a seat sprung with coated rubber elastic straps and polyurethane foam. The backrest is made from a curved structure and the armrests are made from

8mm self-supporting decorative HPL panel. Covering in 100% polyether, thermally bonded onto a polyamide velveteen backing. Backrest and seat cushions with goose down, stitched into separate compartments, with differentiated polyurethane foam insert. Armrest cushions in polyurethane foam covered with goose down, with a poplar plywood supporting panel, fixed to the frame by plug-in hinges.

Stainless steel feet available with a polished or matt satin-finish, or lacquered with epoxy powder-coating in a burnished colour. The feet have adjustable black PVC tips.
