DESCRIPTION

Keglen Wall by **Bjarke Ingels Group** for **Louis Poulsen**.

The latest addition to the Keglen family, the Keglen Wall shares the same graphic, tapered shade as the rest of the series.

Designed by BIG Ideas, the angled lampshade is adjustable and can be rotated 45 degrees to either side, allowing for light to be directed where required.

The lamp has a built-in curved diffuser, which creates glare-free light distribution.

The Keglen Wall minimalist and architectural aesthetic make it suitable for a range of interior settings.

The Keglen Wall is part of the Keglen family, comprised of a floor lamp, a ceiling pendant, and a table light.
