

## Cirque Pendant Light

Designer: **Clara von Zweigbergk**

Manufacturer: **Louis Poulsen**

£295

### DESCRIPTION

**Cirque** by **Clara von Zweigbergk** for **Louis Poulsen**.

The Cirque pendant lamp provides downward glare-free light by means of a white lacquered inner reflector. The original design drew inspiration from Copenhagen's famed Tivoli Gardens amusement park and its many brightly coloured carousels and rides.

For 2018, Clara von Zweigbergk has revisited her design and introduced a new colour palette of soft grey tones to the three original colourways. "In the grey version, the pendant becomes more about the shape," says von Zweigbergk.

Cable: 3m.
