

Yuh floor light, 2017

Designer:**GamFratesi**

Manufacturer:**Louis Poulsen**

£690

DESCRIPTION

Yuh floor lamp by **GamFratesi** for **Louis Poulsen**.

Inspired by Louis Poulsen's philosophy of designing to shape light and Arne Jacobsen's AJ lamp design, GamFratesi has designed a range of adaptable wall, table and floor lighting with built-in LED technology.

An essential characteristic of the Yuh range is that it is personal. Suited to a range of environments, the Yuh lamps can be adjusted to the needs of the space. The directional floor light rotates, rises and drops, optimizing light distribution in the desired area. Timer function automatically turns off the light after an amount of time selectable between, off/4 hours/8 hours.

Minimalist and sculptural, this adjustable floor light features a geometric shade which can be moved in direction and height. The dimmable floor light provides direct glare-free downward light while the slim opening in the top of the shade creates soft upward illumination.

The Yuh is also available as a **wall lamp** and **table lamp**. See 'More products in this range' below.

DIMENSIONS

Shade: 14w x 22.1d x 22.2cmh

Stem: 140cmh
