

Yuh Table Lamp

Designer: **GamFratesi**

Manufacturer: **Louis Poulsen**

£630

DESCRIPTION

Yuh table lamp by **GamFratesi** for **Louis Poulsen**.

Inspired by Louis Poulsen's philosophy of designing to shape light and Arne Jacobsen's AJ lamp design, GamFratesi designed Yuh in 2017, a range of adaptable wall, table and floor lighting with built-in LED technology.

An essential characteristic of the Yuh range is that it is personal. Suited to a range of environments, the Yuh lamps can be adjusted to the needs of the space. The directional table lamp rotates, rises and drops, optimizing light distribution in the desired area. Timer function automatically turns off the light after an amount of time selectable between, off/4 hours/8 hours.

Minimalist and sculptural, this adjustable table light features a geometric shade which can be moved in direction and height. The dimmable table lamp provides direct glare-free downward light while the slim opening in the top of the shade creates soft upward illumination.

The Yuh is also available as a **wall lamp** and **floor light**. See 'More products in this range' below.

DIMENSIONS

Shade: 14w x 22.1d x 22.2cmh

Stem: 61cmh

Stand diameter: 20cm
