£875 -30% now £613

Ex-display items have some signs of use and we recommend a detailed condition report before purchase.

This item is a one-off clearance item to be sold on a first-order, first-served basis

Rooted in a painstaking analysis of the reflective qualities of light, Poul Henningsen's PH 5 light is recognised as a classic of Danish design and is notable for its innovative glare-free form and uniform illumination.

Henningsen developed the PH 5 pendant light in 1958 in response to constant changes to the shape and size of incandescent bulbs by bulb manufacturers. The light derives its name from the 50cm diameter of the shade. Irrespective of how the light is installed or the light source used, the PH 5 is completely glare-free, due to Henningsen's ingenious three-shade system.

DIMENSIONS

50w x 50w x 26.7cmh

MATERIALS

Monochrome shade in matt lacquered aluminium.
