

## Panthella 160 Metal Portable

Designer: **Verner Panton**

Manufacturer: **Louis Poulsen**

£275

### DESCRIPTION

**Panthella 160 Portable Metal Lamp** by **Verner Panton** for **Louis Poulsen**.

First designed in 1971, the Panthella 160 lamp is enhanced with wireless functionality and in new metal finishes making it portable and great for a variety of spaces. One of the most iconic lamps ever produced, the metal version was first introduced in 2021 to mark the 50th anniversary of the iconic design and is a scaled-down version of the original.

The lamp produces a slightly different illumination experience compared to the opal Panthella Portable. The hemispherical shade directs light downwards providing a subtle ambience.

The Panthella Portable Metal Lamp is available in four different powder-coated metal finishes, including White, Black, Orange, Pale Rose, Pale Blue and Coral.

The portable nature of the lamp makes it great for patio use during summer, or for places where access to power isn't available.

The lamp comes with a USB-C cable with three dimming options. Please add the optional USB adaptor if required.
