

VL Studio Wall Light

Designer: **Vilhelm Lauritzen**

Manufacturer: **Louis Poulsen**

£410

DESCRIPTION

VL Studio Wall Light by **Vihlem Lauritzen** for **Louis Poulsen**.

Designed by Vilhelm Lauritzen for the Danish Broadcasting Corporation in the 1940s, Louis Poulsen's VL Studio series takes its name from its original use as an indicator of whether or not recoding was taking place within the radio's studio.

The refined light is suitable for modern and traditional interiors, displaying a pleasantly round bulb crafted from a glossy, triple-layered, opal glass. The bulb sits within a metal shade, available in two finishes, and can be tilted 90 degrees to the left or to the right to allow for adaptable light distribution.

DIMENSIONS

15dia x 20cmh

Cable length: 250cm

MATERIALS

Crafted from a glossy mouth-blown, triple-layered opal glass with a base available in matt black, wet-painted aluminium, or an untreated brass.

Please note untreated brass will patinate over time.

The plastic cord cable is black for the black version, and white for the brass versions.

On-off switch on the cable.

IP20 rating.

Light source: G9.
