

Lucio high back chair, 2020

Designer: **Sebastian Wrong**

Manufacturer: **Established and Sons**

£2,472

DESCRIPTION

Lucio high back chair by **Sebastian Wrong** for **Established + Sons**.

The Lucio chair is a lightweight chair, designed with the intention to be moved around with ease without sacrificing comfort. The chair has a distinctive graphic silhouette.

The Lucio high-back chair features a relaxed and reclined seating position supported by sprung webbing, shaped to the user to provide extra comfort.

“The brief I set myself was to create a steel-framed chair out of tubular sections, which was very efficiently designed and very light. It utilises new technology to support your body,” said Sebastian Wrong.

With the option of a pivoting integrated side table, the chair is suited for workspaces and contracts projects.

DIMENSIONS

65w x 79d x 107cmh

MATERIALS

Powder-coated steel, polyurethane, textile.

Table and bracket: powder-coated steel, double-sided black fenix or solid oak tabletop.
