

Flo Bedside Lamp

Designer: **Foster and Partners**

Manufacturer: **Lumina Italia**

£543

DESCRIPTION

Flo Bedside Lamp by **Foster + Partners** for **Lumina Italia**.

The Flo Bedside lamp was crafted with the intent of mirroring the design of the Flo Desk lamp, albeit with a lower height and reduced luminosity. Notably, the supporting arm is 7 cm shorter than the 43 cm arm of the Flo Desk, and the LED power has been downscaled to 3W from the Desk version's 6W.

Foster + Partners designed the Flo Bedside lamp, envisioning it primarily for domestic settings. Its ideal location is the bedroom, where it sits gracefully on a bedside table, offering optimal reading illumination without overwhelming the visual ambience.

DIMENSIONS

17.5dia x 32d x 36cmh

Please refer to the product specification in the Product Downloads area for more details.

MATERIALS

Available in the following colours:

Black Soft-Touch

Black Classic

Matt Red

Matt White

Matt Yellow

Metallic Bronze

Brushed Nickel

Gunmetal

Light source:

3W LED, 2700K or 3000K

Dimming:

2-step push button dimming on the head.

Note:

A 2700K light emits a cosy, yellow-toned glow, while a 3000K light provides a crisp, white light. The 3000K lighting is ideal for lively spaces such as home offices, hallways, bathrooms, and kitchens.

The 2700K lights are better suited for areas where a warm and relaxing ambiance is desired, like the living room, dining room, and bedroom.
