

Daphne Cilindro Table Lamp

Designer: **Tommaso Cimini**

Manufacturer: **Lumina Italia**

£452

DESCRIPTION

Daphne Cilindro Table Lamp by **Tommaso Cimini** for **Lumina Italia**.

The Daphne series embodies the fundamental essence of Lumina. The design concept is straightforward yet highly efficient: a pivoting diffuser, a flexible arm with two segments, and an electromechanical transformer on a cylindrical base flanked by metal caps.

Tailored for workstations where space optimization is critical, the Daphne Cilindro features a compact base, different from the original Daphne, perfect for installation on limited work surfaces. Meanwhile, the articulated arm extends for enhanced flexibility.

In addition to enabling complete rotation, the arm's jack-type connection simplifies detachment.

This design concept traces its roots to Tommaso Cimini's philosophy: "Lots of light, not much lamp", a principle central to all Lumina products.

DIMENSIONS

Base: 3dia x 9cmh

Arms: 40cm/40cm

Please refer to the product specification in the Product Downloads area for more details.

MATERIALS

Available in the following colours: Black Soft-Touch, Black Classic, Matt Red, Matt White, Matt Yellow, Metallic Bronze, Brushed Nickel

Light source:

9W LED, 2700K or 3000K

Dimming:

No dimming

(On-off switch)

Note:

A 2700K light emits a cosy, yellow-toned glow, while a 3000K light provides a crisp, white light. The 3000K lighting is ideal for lively spaces such as home offices, hallways, bathrooms, and kitchens.

The 2700K lights are better suited for areas where a warm and relaxing ambiance is desired, like the living room, dining room, and bedroom.

Please note: This is a CE-approved product and should only be used in countries that accept and adhere to this standard. If used in other countries, it will be the sole responsibility, risk and liability of the customer.
