DESCRIPTION

Daphinette Portatile by **Tommaso Cimini** for **Lumina Italia**.

Introducing Daphinette Portable, the compact and wireless version of Lumina's iconic lamp, Daphine. This stand lamp offers versatility in a small, sleek design. The adjustable arm and diffuser allow for precise control of the light beam, enabling you to direct it exactly where you need it. The lamp's stability is ensured by its compact base, which cleverly houses a rechargeable battery.

Experience customizable lighting with Daphinette Portable's dimmable feature, utilizing advanced touch technology for seamless light control. Perfect for a variety of spaces, from home environments like the study, living room, and bedroom, to commercial settings such as restaurants and stores, this lamp caters to different needs and aesthetics.

With a powerful battery, Daphinette Portable guarantees up to 24 hours of autonomy on minimal power usage and over 6 hours of continuous use at maximum power. The touch dimmer, conveniently located at the lamp base's back, allows for easy switching on with a short touch, adjusting intensity up to 25 percent with a second touch, and turning off the lamp with a third touch.

DIMENSIONS

Base: 9.5dia x 8cmh

Arms: 25cm

Please refer to the product specification in the Product Downloads area for more details.

MATERIALS

Available in the following colours:

Black Soft-Touch

Black Classicbr> Matt Red

Matt White

Matt Yellow

Metallic Bronze

Brushed Nickel

Light source:

2.5W LED, 2700K or 3000K

Dimming:

Touch-dimmer on the lamp

220-240 V USB-C charger included

Note:

A 2700K light emits a cosy, yellow-toned glow, while a 3000K light provides a crisp, white light. The 3000K lighting is ideal for lively spaces such as home offices, hallways, bathrooms, and kitchens.

The 2700K lights are better suited for areas where a warm and relaxing ambiance is desired, like the living room, dining room, and bedroom.
