DESCRIPTION

Malmö Sideboard MLM412 by Mario Ruiz for Punt.

The modular Malmö sideboard, designed in 2018, brings an understated elegance to any chosen space, functioning as a traditional sideboard or a refined media unit. The versatile credenza is adaptable to any living space as a result of the numerous configurations available.

The rectangular wooden unit features two double doors that hinge downwards at a 90° angle and is gracefully supported by a geometric plinth in a textured powder-coated steel finish.

Optional door panels are available, the precious material complimenting the gentle wooden curves of the sideboard.

Pricing example is for a **sideboard with two double doors on a 29cmh plinth**. Available in a wide range of configurations and finishes, please view the pdf spec sheet available in Product downloads which shows a range of suggested compositions, or contact us to discuss your personal requirements **here**.

Internal drawers can also be added to the configuration.
