DESCRIPTION

Mélange Stripes Rug by **Sybilla** for **Nanimarquina**.

Designed in 2015 by fashion designer Sybilla, the Mélange collection features distinct graphic patterns woven from Afghan wool. Simultaneously traditional and contemporary in style, these rugs exemplify simple geometric patterns in a restrained colour palette. The collection features 20 designs that represent a harmonious fusion of contrasting elements, serving as perfect complements to each other.

The Mélange stripes collection combines stripes of different sizes and thicknesses and pays homage to Pakistan's ancestral handcrafted techniques through its exercise in aesthetic rationalization. Choose from two patterns and three formats, or layer them together to create a patchwork effect.

Nanimarquina is the first rug company to gain Climate-neutral certification.
