

Mantis BS5 Mini Wall Light

Designer: **Bernard Schottlander**

Manufacturer: **DCW Editions**

£356

DESCRIPTION

Mantis BS5 mini wall light by **Bernard Schottlander** for **DCW éditions**.

Movement is intrinsic to all of Schottlander's work: an artist, an engineer and in no small measure a handyman, he devised a clever system of counterweights combined with a series of strong, and flexible metal bars. The shade also is unique of its kind. Like an acrobat suspended in mid-air, it is made from aluminium using spinning and chasing techniques that are a part of the metalworker's inventory of skills, but to which he has brought his sculptor's eye to create a helical movement in which the symmetrical and the asymmetrical are in opposition. His lights, with their eternal play between balance and imbalance, reveal some of the secrets of what we mean by 'solid' and 'empty'. They appear to defy the laws of gravity. The essential poetry of the object is an invitation to enter a dream world of the most judiciously balanced elegance.

The tiny version of the BS5, equipped with an integrated LED source.

Requires 1 x CLI - Integrated LED 3W, IP20, non-dimmable.

DIMENSIONS

25.5w x 17d x 11.5cmh

MATERIALS

Constructed from steel and aluminium. Integrated LED, without cable nor switch and non-dimmable.

Light source: 110 - 240V, 3W, 2700K, 300lm

IP20.
